Experience

Core Member, TRIAC Club

- Collaborated with team members to organized the TRIAC Exhibition howcasing creativity, technical skills, and innovative thinking by students.

Siemens Scholarship Program Scholar

- Visited switchgear manufacturing factory to gain industrial exposure.
- Received hands-on training in NX Software and PartQuest.
- Completed communication skills training to enhance professional interaction.

Projects

Function Generator

Designed using 555 Timer IC

- Developed a function generator circuit capable of producing square, sine, and triangular waveforms.
- Utilized 555 timer in astable mode for square wave generation.
- Implemented additional circuitry for waveform shaping to obtain sine and triangular outputs.

Technical Skills

Languages: C++, C, Python.

Technologies: HTML, CSS.

Other Tools: Github, VS Code, Arduino IDE.

Involvement

National Cadet Corps (NCC)

- NCC 'A' Certificate holder.
- Attended Combined Annual Training Camp (CATC) of 13th Tripura Battalion NCC in 2019.
